Crash / Compliance Tests

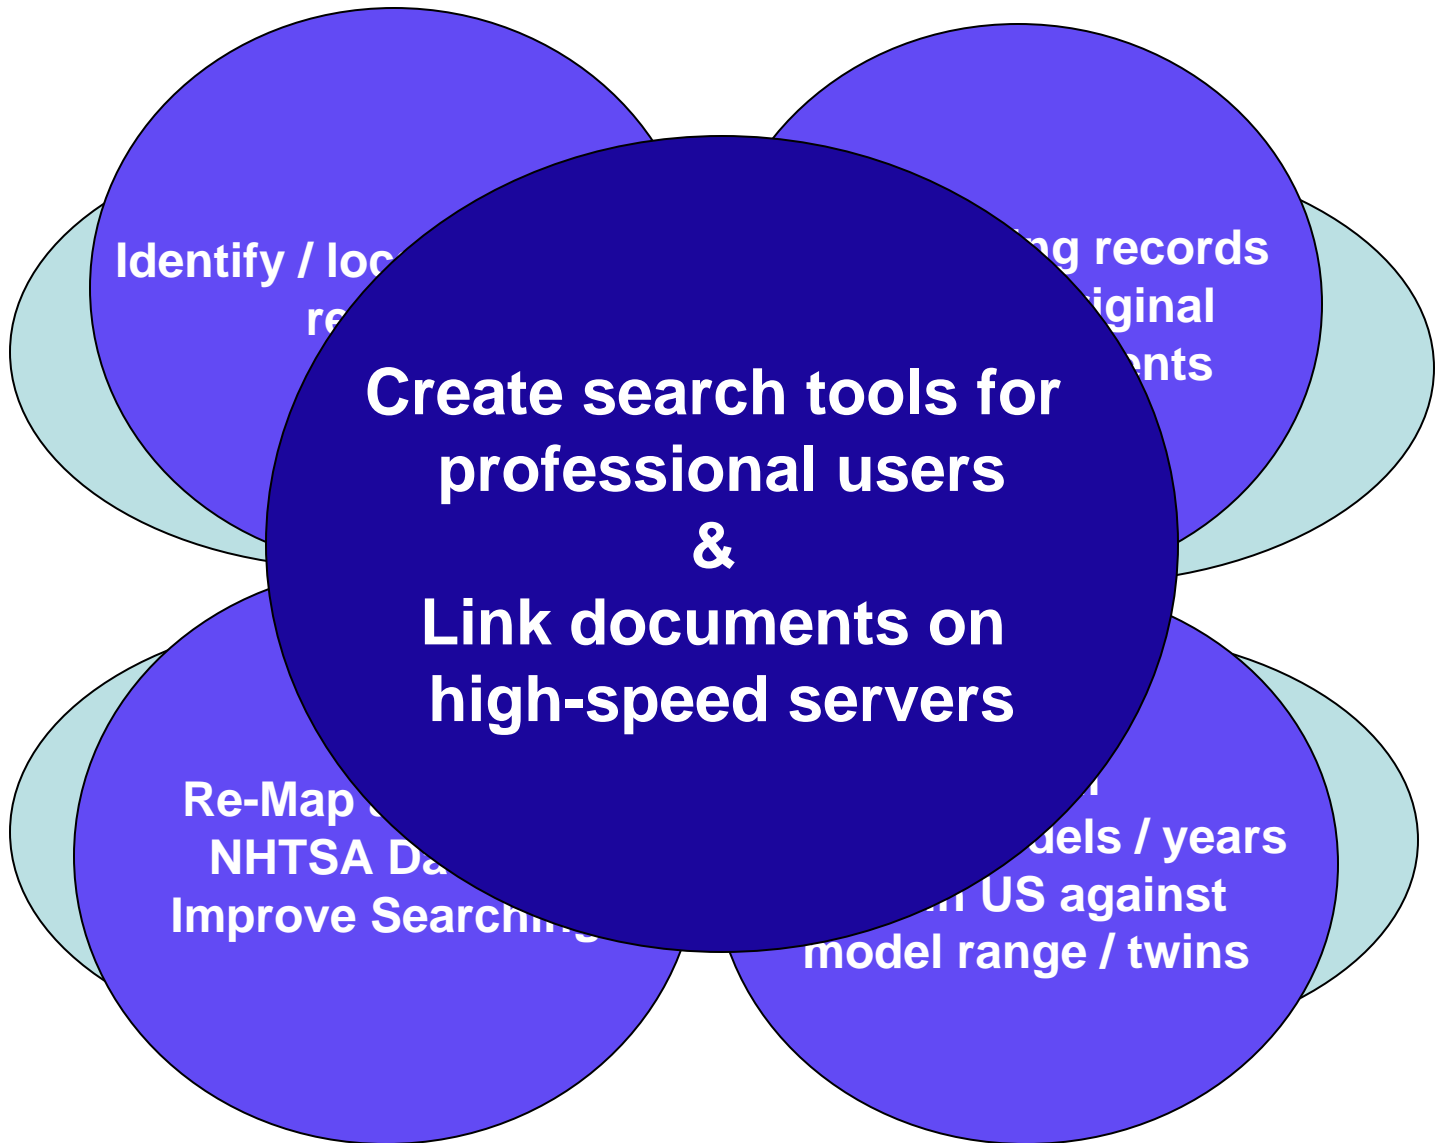

Complaints

**Identify / locate missing records**

**Code missing records based on original govt. documents**

**Re-Map and clean NHTSA data to improve searching**

**Map all makes / models / years sold in US against model range / twins**

## Results:

- Perform research tailored to your needs
- Find relevant data and documents fast
- Find data and documents unavailable from NHTSA

# What exactly can you do on VSIRC?

**Search across all four datasets  
or  
Search each dataset individually**

**Text search across data:**  
Locate specific text within complaints  
like “seat belt buckle unlatch”

**Automatic retrieval of  
model range and model twins**  
1998 Taurus:  
1996-1999 Ford Taurus / Mercury Sable  
1995-2002 Lincoln Continental

# What exactly can you do on VSIRC?

## **Broad-based historical and issue research:**

- All recalls involving a violation of FMVSS 301;
- All side-impact testing involving GM vehicles
- All defect investigations / Recalls involving Michelin

**Built-in search intelligence brings back “related records”**  
that are otherwise missed due to coding errors  
and inconsistent or incomplete coding.
